After you go home . . . we're still here to help!

OCEANetwork volunteers work to **protect homeschool freedoms**
and **equip homeschool families** all year long because:

We believe parents have the right and the responsibility to teach and train their children as they see fit.

OCEANetwork works year-round to protect the freedoms of all homeschoolers in Oregon.

We believe that parents are the most qualified to educate their children well.

OCEANetwork provides events, services, and resources to equip families for their homeschool journey and help them succeed.

We believe that independent homeschooling is the best education model for families academically, socially, and spiritually.

OCEANetwork encourages family discipleship, helping parents raise up children for the Lord.

We believe that your children do not belong to the state. The Lord has entrusted them to you and will equip you for the task.

You, too, can help protect homeschool freedoms and equip homeschool families by becoming an OCEANetwork Supporting Member. (See page 26 for details.)

CONFERENCE

welcome

Welcome to the 27th annual Oregon Christian Home Education Conference! We pray that this conference will glorify the Lord Jesus Christ as we offer encouragement, information, support, and exhortation to equip you to teach your children at home for years to come.

Our goal in all we do is to *turn the hearts of the fathers to the children and the hearts of the children to the fathers; the hearts of husband and wife to each other; and the hearts of families to God to make ready a people prepared for the Lord* (Luke 1:17 paraphrased).

PLEASE READ:

Be Like the Bereans

OCEANetwork attempts to bring speakers that will edify, equip, and entertain you. That doesn't mean that we agree with absolutely everything that each speaker says. We encourage you to be like the Bereans. "[T]hey received the word with great eagerness, examining the Scriptures daily, to see whether these things were so" (Acts 17:11). Examine what you hear. Compare it to Scripture. Not everything you hear this weekend will apply to your family at your current stage of life, but there will be something good in every session. Take what is applicable and use it.

Need Help Finding Something?

The entire OCEANetwork Board is at the conference to serve you. If we can help you in any way, please let us know. You can identify us by our OCEANetwork name tags. You can also find us at the OCEANetwork booth #130 or at the Registration tables in the lobby.

Over-Full Workshops

When all the chairs in a workshop are occupied, the workshop is considered full according to Fire Marshal rules. **No one is to be sitting or standing in the aisle or back of the room.** Some workshops fill quickly. If you

are unable to obtain a seat in the workshop of your choice, you can order the recording.

Name Tags

Your name tag provides admission to all events at the conference. Please wear it at all times. Bring it again on Saturday. If you forget, please stop by the registration booth on your way in Saturday.

Conference Recordings

Conference sessions are recorded and are available online at AllianceRecordings.com. You don't have to miss out on any of the great sessions, even if two of the ones you want to attend are offered at the same time. Order the recordings now on your phone or your computer and they will be placed in your account as soon as they are edited. They will be stored in your account on AllianceRecordings.com for three years for you to download at your convenience. See page 13 for special conference pricing. If you have questions about recordings, visit the conference recordings booth in the lobby.

Children (0 – 12 years old)

Parents must keep their children with them at all times. This is a public venue. Anyone from off the street can access the lobby at will. For your children's safety, you need to know where they are at all times.

If your child or infant becomes noisy, including happy sounds, during workshop sessions, please step out of the workshop quickly for the sake of those around you and for quality recordings. Thank you.

Nursing Mothers

Nursing rooms are available in the Exhibit Hall (southeast corner) and in the back of the General Session room (Willamette Hall C). There are diaper changing stations in the restrooms.

Lost and Found

All lost and found items will be kept at the Registration Booth in the lobby. After the

conference, you may inquire about lost items at mail@oceanetwork.org. Items not claimed for 30 days will be donated to charity.

Photo Release

When you enter the Oregon Christian Home Education Conference, you will be entering an area where photography, video, and audio recording may occur. By entering the event premises, you consent to photography, audio recording, video recording and its/their release, publication, exhibition, or reproduction to be used for news, webcasts, promotional purposes, telecasts, advertising, inclusion on websites, or any other purpose by OCEANetwork and its representatives. You release OCEANetwork, its board members and volunteers, and each and all persons involved from any liability connected with the taking and/or using of photographs and recordings.

FAMILY FUN activities

We are excited to have activities for children, young adults, and entire families.

Children

We have provided many activities for children during the conference, but we need to start with a reminder: *Children younger than 13 must be with a parent at all times.*

ACTIVITIES AVAILABLE BOTH DAYS

Hands-on Science Activities

Science stations provided by Glen's Gizmos Homeschool Hub will be available throughout the conference for children to explore with their parents. No signup is required to explore these science discovery stations which are set up in the Santiam Building (see map on page 2).

Scuba Demonstrations and Remote Submersibles

Glen's Gizmos will also be bringing a water feature with scuba demonstrations and remote submersibles! It's one of many activities in their Genesis Expeditions program which provides field trips and one-of-a-kind opportunities for families studying God's Creation in the Pacific Northwest.

Hands-on Science Workshops for Elementary and Middle School

Joel and Roxanna Thomas of Glen's Gizmos Homeschool Hub are providing seven hands-on science sessions for elementary and middle school students (**a parent must attend with their child**). For a description of the sessions, see the Workshop Schedule (pages 12-23). Space for these sessions is limited!

Visit the Glen's Gizmos science area in the Santiam Building to sign your student(s) up for these sessions. There is a two session per student limit to make certain everyone

gets an opportunity to participate. When the classes are about to begin, you're welcome to check back and see if there is space left.

Play area in the courtyard

When your children need to let off some steam, or if you want to have a picnic, the courtyard and adjacent field are available. Picnic tables are located in the courtyard for table games. Bring your favorite games to share and enjoy fun and fellowship! *Please remember that parents are solely responsible for the safety and welfare of their own children throughout the entire conference, including all evening recreational activities.*

FRIDAY EVENING ACTIVITIES

Even though the workshops are done, you have some great options to finish off your Friday at the conference, but still get done early enough to rest up and look forward to Saturday at the conference.

- The Used Curriculum Exchange goes until 6 p.m.
- The Exhibit Hall is open until 6 p.m.
- Hands-on science activities are available in the Santiam building until 6 p.m.
- English Country Dancing and board games run from 5:45-6:30 p.m.

English Country Dancing and Board Games Santiam Building

After the workshop sessions Friday evening, join other homeschool families for fellowship and fun with board games and English Country Dance. A popular activity many homeschool families enjoy, English Country Dance is easy to learn and fun to do! Whether you're an experienced dancer or trying it for the first time, conference attendees of all ages are invited to join the fun. Or bring your favorite board games to enjoy with other families. Evening activities will be held in the Santiam Building (please enter through the west end of the building).

USED curriculum exchange

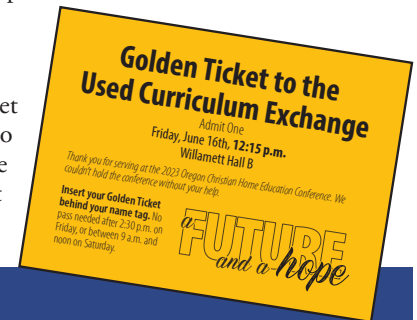

Find bargains on items you need for next year at the Used Curriculum Exchange (UCE), conveniently located in Willamette Hall B this year. The back of your name tag lists your assigned admission time to the Used Curriculum Exchange. Conference attendees registered in advance will have an assigned entry time between 12:15 p.m. and 2 p.m. on Friday. Everyone may shop in the UCE from 2:30 p.m. to 6 p.m. on Friday and from 9:00 a.m. to 1:30 p.m. on Saturday. Finally, on Saturday from 2:30 - 4:30 p.m., all remaining donated items will be on sale for \$1 during the Gleaner Sale. Also, between 3 and 4:30 p.m. on Saturday, sellers who are not donating their books can come pick them up.

Children in the Used Curriculum Exchange

For their safety, **children under the age of 8** are not allowed in the Used Curriculum Exchange, except for infants in front packs. No strollers, backpacks, or other conveyances for children, except for those with disabilities, are allowed in the Used Curriculum Exchange. (Strollers, etc., become a tripping hazard.) If you plan to shop in the Used Curriculum Exchange, please make alternative care arrangements for your children. Perhaps a spouse, grandparent, or friend will watch them while you shop.

Golden Ticket to the UCE for Volunteers

A Golden Ticket in your registration packet is OCEANetwork's way of saying "thank you" to the great volunteers that help make this conference possible and allows the bearer to shop in the first group at the UCE on Friday at 12:15 p.m.

SPEAKER bios

GENERAL SESSION SPEAKERS

Rick & Marilyn Boyer

Rick and Marilyn Boyer are true pioneers of the homeschooling movement. Starting in 1980, they educated their fourteen children from kindergarten through high school. Along the way, they wrote over twenty books for parents and kids, in addition to creating **Character Concepts**—a Bible-based character curriculum for young people from preschool through high school age. Marilyn is loved for her wisdom, experience, and loving passion for helping younger moms. Rick's messages blend intensity with humor as he applies life experience and scriptural principles to share parenting solutions that work. Together, the Boyers share the vision that built a family of grown sons and daughters who love God and are each other's best friends.

Rick's general sessions

- Your Family—A Future and a Hope
- The Kids We Need Today

Rick's workshops

- Boys Will Be Men
- Proverbs—The Ultimate Parenting Book
- The Killer "B" Whose Sting Poisons Relationships
- 20 Things to Teach Your Children Before They Leave Home

- My Kids Hate School—Setting Them FREE with Passion-Driven Learning
- Homeschooling and Preschoolers Too?
- You Mean, I Can Teach History Like That?
- Getting It All Done
- Remind Me—Why am I Doing This, Anyway?

Todd Wilson

Todd Wilson is a dad, granddad, writer, conference speaker, and former pastor. His humor and down-to-earth realness have made him a favorite speaker at homeschool conventions, retreats, and churches across the country. He's the author of *Help! I'm Married to a Homeschooling Mom: Showing Dads How to Meet the Needs of Their Homeschooling Wives* and *The Official Book of Homeschooling Cartoons – The Complete Collection*.

As founder of Familyman Ministries, Todd's passion and mission are to remind dads and moms of what's most important through a weekly email for dads, seminars, and books and products that encourage parents. Todd and his wife, Debbie, homeschool four of their eight children (four have graduated) in northern Indiana and travel America in the Familyman Mobile.

WORKSHOP SPEAKERS

Sonya Shafer

Sonya Shafer is a popular homeschool speaker and writer specializing in the Charlotte Mason Method. She has been on an adventure for more than 20 years studying, researching,

practicing, and teaching Charlotte's gentle and effective methods of education. Her passion for homeschooling her own four daughters grew into helping others and then into Simply Charlotte Mason, which publishes her many books and provides a place of practical encouragement to homeschoolers at simplycharlottesmason.com.

Sonya's workshops

- Charlotte Mason and Her Methods
- Lessons from the Valley
- Language Arts: It's a Natural Progression
- Keep it Simple: How to Teach Your Whole Family Together
- Using Charlotte Mason with Special Needs

Heather Haupt

Heather Haupt is the mother of three knights-in-training and two spunky princesses. She wants to be intentional during these years of parenting and raise children who will make a difference in this world. Recognizing the brevity of childhood and the power of a parent's influence, Heather both inspires and equips families toward intentional parenting, pursuing God, and delighting in the adventure of learning. She is the author of the book *Knights-in-Training: Ten Principles for Raising Honorable, Courageous and Compassionate Boys*; *The Ultimate Guide to Brain Breaks*, as well as co-author of the *GO TOGETHER Curriculum: A Literature-Heavy, Movement-Rich Learning Adventure*. She writes at heatherhaupt.com and cultivatedlearning.org

Heather's workshops

- 10 Ways to Make the Most of the Preschool Years
- Homeschooling and Still Loving Each Other (with Colene Lewis)
- Stepping Outside the Homeschool Box: Creating a Home Where We Learn

- **Conquering Your Fear of Educational Gaps**
- **Knights in Training: Raising Boys into Men**

Colene Lewis

Colene Lewis is a teacher, mentor, speaker, and curriculum developer. She is passionate about equipping and inspiring parents, teachers, and students to live cultivated lives—lives of purpose and full of learning.

Colene homeschooled her three daughters through high school in a home where learning was a joy and a way of life.

Colene is the co-author of *GO GLOBAL*, a one-of-a-kind world geography curriculum geared to children between ages 5-8 based on living books, hands-on activities, and cross-culture exploration. She is also the co-author of *Russia: The Land of Endurance*, published by KONOS.

Colene's Workshops:

- **Educational Styles and Curriculum**
- **Homeschooling and Still Loving Each Other (with Heather Haupt)**
- **Homeschooling Teens—Tips That Work**
- **Transcripts: Simple and Effective**
- **Launch and Let Go**

Tauna Meyer

Tauna Meyer is the founder of ProverbialHomemaker.com and author of the curriculum *Sound Words for Kids: Lessons in Theology*.

Tauna is a homeschooling mom of six who speaks to women with encouragement that is relatable and tools that work in real life! She has a passion for helping moms overcome the hurdles that keep them from homeschooling successfully, all while pointing themselves and their children to Christ. She and her husband, Aaron, also serve as board members with OCEANetwork.

Tauna's workshop:

- **Getting Started Homeschooling**

NOTE: The Getting Started Homeschooling session includes a free take-home binder for those attending. (Limited supplies, so first come, first served!)

Jeff Heyen

Jeff's civic involvement spans more than 25 years and includes serving in various roles in local and statewide politics. Ten years ago, after nearly 20

years studying both our founding documents and Scripture, Jeff started teaching others about civics and government and encouraging them to become more involved in their governance. In 2021, he started the Oregon non-profit Constitution IQ Project. Its mission is "Equipping citizens to be active stewards of their community through civic and constitutional literacy." Jeff lives in NE Salem with his wife, Marty, and son, David.

Wes Butler

Wes Butler, his wife, Deborah, and their children have served Oregon homeschoolers for many years. Wes is the past director of the Salem Area Christian Home School Network, former OCEANetwork board member, current OCEANetwork Freedom Watch team member, and co-director of the OCEANetwork Apple Pie Day/Capitol Day. In addition, Wes is the vice-chairman of the Constitution IQ Project, and he serves on the Marion County Republican Party executive team and as a delegate to the Oregon Republican Party platform convention. He and Deborah have been married for 47 years and have seven children and 18 grandchildren

Wes and Jeff's workshop:

- **Hope for America: Equipping Youth with Civic and Constitutional Literacy**

Paul Telfer – Teen workshops

Paul is a retired Salem Fire Department captain and paramedic. During his 28 years with the department, he spent five years as a paramedic on the Salem Police SWAT Team. He grew up as a preacher's kid and moved every few years. As a teenager, he lost his father in a car accident. During this difficult time, he met his future wife, Diane, and they were married after Paul finished college. They homeschooled their three children, who are all now grown and on their own journeys giving Paul & Diane six

grandchildren to enjoy. Paul teaches a family Sunday School class and speaks often at adult and youth events. Paul and Diane currently make their home in a rural area south of Dallas, Oregon.

Paul's workshops for young adults:

- **Living Well In Exile: The Hope—Is Your Faith Strong?**
- **Living Well in Exile: Developing Your Benchmarks**
- **Living Well in Exile: Relationships**
- **Living Well in Exile: Choosing an Occupation**
- **Living Well in Exile: Using the Future**

Joel and Roxanna Thomas – Children's science activities

Joel Thomas has been teaching science since 2000. He started traveling and teaching science as a

Sophomore in High School. After graduating with a degree in education, Joel taught in a formal classroom setting, then moved outside to direct outdoor school programs on the Oregon Coast. After nearly ten years, he started Glen's Gizmos alongside his wife, **Roxanna**, and they have been blessed to travel and teach together. After observing the failing state of the public education system over the last ten years, they started the Glen's Gizmos Homeschool Hubs in Castle Rock and Vancouver, Washington, and Newberg, Oregon. They have observed homeschooling clearly works better for children and families than the public school system. They now serve homeschoolers in the Pacific Northwest and beyond through labs, TV Shows with Awesome Science Media, curriculum development, and family outdoor school programs.

Joel and Roxanna's sessions:

- **Phase Changes: Liquid Nitrogen and Dry Ice (x2)**
- **Astronomy: Stars, Hydrogen, and Light**
- **Frog Dissection (x2)**
- **Endo and Exothermic Reactions (x2)**

CONFERENCE

sessions

Friday
9–10:15 a.m.
general session 1

Your Family—A Future and a Hope

Rick Boyer MP3# 23-01 Willamette C

In Jeremiah 29, God's people have experienced judgment and find themselves living in the midst of a hostile culture. God promises to deliver them in His time and directs them to establish homes, build families, and seek the welfare of the city in which they are living. God has a plan for restoring a godly culture. And your family has a part in it.

11 a.m. – Noon
workshop 1

Lies Homeschoolers Believe

Todd Wilson MP3# 23-101 Willamette C

Your house is a disaster, your kids seem out of control, and you wonder how you'll ever make it through another day of school. Your "get up and go" has "gotten up and went." You used to think homeschooling was the best thing since sliced bread, but now you're feeling like burnt toast. Take heart—you're not alone! No one homeschools because it's easy. You do it because you believe it is best. But there are times when you need to be reminded again why it's best. Join Todd as he does just that. You'll laugh and be encouraged in the toughest job you'll ever . . . love.

Boys Will Be Men

Rick Boyer MP3# 23-102 Willamette 1

Eighty percent of the children labeled "Learning Disabled" in school are boys. That's why wise parents understand that the confinement, boredom, and regimentation of school should be avoided if boys are to thrive. The key to understanding and cooperating with the drives God has built into boys is

recognizing that boyhood is preparation for the roles of family protector, provider, and leader that naturally and biblically fall upon men. We must understand that we are not raising boys but training future men if we are to make boyhood the exciting and profitable season of life that God intended it to be.

My Kids Hate School—Setting Them FREE with Passion-Driven Learning

Marilyn Boyer MP3# 23-103 Willamette 2

Do you ever feel like you are trying to explain a concept to your children, and their minds are somewhere far away? Do you feel discouraged when they act like school is a drudge? To help them fulfill their life calling, we must develop a specific plan for training each one. Learn how to work "with" your child's uniqueness. Escape the bondage of expectations and set your child free to pursue his passions and be the whole person God wants him to be. (Warning, kids have been seen giving Mom the elbow when listening to this session.)

Charlotte Mason and Her Methods

Sonya Shafer MP3# 23-104 Willamette 3

Join Sonya for a practical and encouraging overview of the simple yet effective methods used in the Charlotte Mason approach. You will learn about Charlotte and experience using her methods for yourself during the session.

10 Ways to Make the Most of the Preschool Years

Heather Haupt MP3# 23-105 Willamette 4

Have you ever heard the saying, "The days are long, but the years are short?" While there are days that can test the sanity of just about any mom, these exciting, exhausting,

laughter-inducing, messy years are rich with opportunity. How can we make the most of every day? How can we enjoy the beauty of this season and capitalize on its strengths? Discover how to map out a plan to make the most of these preschool years!

Educational Styles and Curriculum

Colene Lewis MP3# 23-106 Holliday Inn

You might feel like Alice falling down the rabbit hole, but it can all be explained! This session will give you a brief overview of educational styles and curricula choices to help you navigate which way to go. Different styles are for different people, and we will give you an honest evaluation of the various choices with the pros and cons of each type. Tips to discern who you are, who your children are, and what will work for you will help you to hone in on appropriate choices for your year.

Living Well in Exile: The Hope – Is Your Faith Strong?

Paul Telfer MP3# 23-107 Comfort Suites

"For I know the plans I have for you," declares the Lord, "Plans to prosper you, not to harm you, plans to give you a hope and a future." This is the first in a series of five sessions geared for teens based on Jeremiah 29:4-14.

Adventures from retired Fire Captain Paul's years of fire service will challenge you to move from borrowed faith to owning your own faith. Making your faith your own is the way to secure your hope—without hope, there is no future!

Phase Changes: Liquid Nitrogen and Dry Ice

Joel Thomas Not recorded Santiam

We will have fun studying changes between Gases, Liquids, and Solids using liquid nitrogen, dry ice, and even dihydrogen monoxide. ♥ Why do Smart Kids Struggle?

Help Elevate Learning Processing, Inc.

MP3# 23-117 Comfort Suites

Do you have a child who is smart but does not feel like they are? Does your child speak poorly about themselves or tell you they can't do something even before they try? Are they reluctant to try to learn something new for fear that they will not do it perfectly? Often, this is because they are afraid of forgetting, not being able to get it done fast or good enough or are afraid of disappointing their parents. This workshop will help you to better understand your child and help them see how truly smart and capable they are.

What’s Next? Life After Graduation

Todd Wilson MP3# 23-202 Willamette 1

For the last twelve years, you’ve probably felt the tension of “what’s next?” for your children. You hoped the dilemma would solve itself, but it didn’t. In fact, there are all sorts of homeschool graduates who are stuck in the “what now zone” or were discouraged from traveling a particular path.

It’s time to put your fears aside, look the cap and gown in the eye, and take an honest look at life after graduation. There is NOT a one-size-fits-all solution, and the pressure from family members, peers, and experts can seem dizzying. Should they go to college or try a college alternative, do a gap year, start their own business, stay at home, get a job,

travel the world . . . join a monastery??!!

Don’t be afraid. God has a plan for your child, and part of that plan is that He’s given them YOU to help guide them into their next phase of life. Join Todd Wilson as he takes a bold and straightforward look at “Life after Graduation.” We’ll look at the options, discuss the pros and cons, and take the FEAR out of graduation . . . remembering along the way that every child’s path is different.

has plenty of experience with any age group you can name. But her favorite age to teach is those eager, curious, exciting, challenging munchkins we call preschoolers. This, Marilyn says, is the time when we lay the foundation for greatness by pouring love and acceptance all over them—instead of treating them like a nuisance. Preschoolers aren't just little interruptions to be kept "occupied" while older siblings study. This season in a child's life is the time to tap into his huge potential by maximizing his natural love for learning and helping him to see that God is preparing him for a lifetime of important service. Come and learn from Marilyn how to make your little ones a valuable part of the team!

Taming the Techno Beast—Parenting in the INTERNET Age

Todd Wilson MP3# 23-301 Willamette C

X-Boxes, Game-Cubes, the INTERNET, Facebook, and iPhones have changed how we live, have fun, and interact. Children quietly glued to game monitors for hours have replaced laughter and creativity. They beg to play, whine when they can't, and even lie about the time they've spent on "the gadget." Teens and pre-teens spend most of their waking hours texting, chatting on Facebook, or 'tweeting' on Twitter. Today's latest-breaking technology becomes tomorrow's obsession, demanding more time, attention, and sacrifices.

Technology has become a powerful tool, and everyone is doing it . . . but maybe you feel like you've lost control in your home. Does the chill down your spine tell you that something is terribly wrong? Do you feel like a beast has invaded your home, but you don't know how to handle it? If so, listen to Todd talk about the timely topic of taming the TECHNO-BEAST!

The Killer "B" Whose Sting Poisons Relationships

Rick Boyer MP3# 23-302 Willamette 1

It's quiet but deadly. It can poison a whole family when no one knows it's there. It

dampens affection, kills communication, and leaves hearts wounded and hurting. It is the number one reason marriages break up, and parents lose their children's hearts. The Bible describes it as a "root" that springs up and defiles many. In this talk, Rick Boyer explains how the poison of bitterness damages relationships and how the grace of God can put them back together again. Peace and love in your home are not just a dream.

An Unbeatable Homeschool Team

Todd Wilson MP3# 23-501 Willamette C

Marriage is hard . . . in fact, it's real hard! Yet when it is right and good, it can withstand anything. It doesn't matter what the economy

does, the status of your bank account, the condition of your home or vehicles, or what your children dish out . . . because when a husband and wife are right, they're unbeatable.

On the flip side, when a husband and wife feel distant or apathetic, it only takes the slightest breeze to ruffle a bunch of feathers. The truth is a mediocre marriage sucks the joy right out of life and your homeschool. The economy can swing up, your checking account can be healthy, your home and vehicles can purr like kittens, the kids can behave like angels, and life still . . . stinks. That's because marriage matters.

Join Todd Wilson, The Familyman, for a time of laughter and encouragement as he shares real-life stories, problems, and frustrations, along with practical, simple solutions to having a marriage that can't be beat!

In the Valley of "How Long?"

Rick Boyer MP3# 23-502 Willamette 1

"How long, O LORD? Wilt Thou forget me forever?" This was the cry of David's heart in Psalm 13. Most of us have been there. As a parent, you will probably encounter seasons when life is just too much, and you despair of ever feeling that you're up to the challenge of raising godly children in a hostile world. But God had a solution for David, and He has the same grace available to you. Hear how disappointment and tragedy were turned into victory in a homeschooling parent's life.

Remind Me—Why Am I Doing This, Anyway?

Marilyn Boyer MP3# 23-503 Willamette 2

Life can get so crazy! Sometimes it's easy to lose sight of why you're spending so much of your time homeschooling. Wouldn't it be easier to send them off to school like most people do? In this session, Marilyn Boyer will help you renew your vision (or develop it), sharing why she's so glad she spent 37 years of her life doing just that.

MAKE A DIFFERENCE

become a supporting member with

OCEANetwork

You'll get great perks while helping to protect homeschool freedoms and equip homeschool families in Oregon! For just \$50, you will receive exclusive benefits and discounts to bless your homeschool.

Supporting Member Benefits:

Teacher ID Membership Card to use when applying for educator discount programs.

\$10 off OCEANetwork's Annual Conference Registration

Hear encouraging speakers, meet other families, enjoy family activities, browse the Exhibit Hall, and more!

25% off the Start Strong Oregon Online Course for Parents

This unique 14-day online course is designed specifically for Oregon to help new homeschoolers take flight.

\$15 off HSLDA Membership

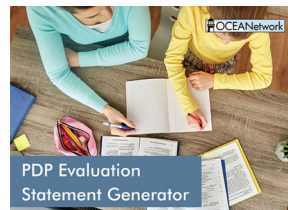

The Homeschool Legal Defense Association (HSLDA) is a national organization that advocates for homeschoolers at the local and federal level, with the vision of protecting the right of parents to direct the education of their children.

Notification of PDP Letter Generator

If you decide to use a Privately Developed Plan (PDP) with your special needs homeschool student, you must send a letter to the ESD notifying them of that. We recommend that the letter includes only the legally required

information. OCEANetwork Supporting Members have access to a Notification of PDP Letter Generator form that will create a PDF of the letter and email it to them.

PDP Evaluation Statement Generator

If you're using a PDP for your special needs student, your service provider will need to write an evaluation statement at the end of grades 3, 5, 8, and 10, and provide you a signed copy of it to submit to the ESD if they request it. We recommend that the statement includes

only the legally required information. OCEANetwork Supporting Members have access to a PDP Evaluation Statement Generator that their service providers may use to generate that statement for them.

Expert Support and Resources for Special Needs Homeschooling

OCEANetwork is partnering with SPED Homeschool to provide expert support for homeschooling special needs students. In addition, they are providing Oregon parents access to

PDP service providers to help parents put together a PDP (Privately Developed Plan) and provide the legally required evaluations. SPED Homeschool PDP services for Oregon are ONLY available to OCEANetwork Supporting Members, and they have arranged for frugal pricing options as an extra blessing.

Fillable Transcript and Diploma Templates

Members receive an Oregon high school diploma template (fillable PDF) for the current school year and a high school transcript (fillable PDF or Excel spreadsheet).

\$90 Off Schoolhouse Teachers

Get \$90 off a Schoolhouse Teachers premium membership! You'll have access to hundreds of courses for ALL subjects and ALL grade levels for your whole family! Includes downloadable lessons, streaming videos

and ebooks, and more. PLUS a one-year PRINT subscription to This Old Schoolhouse magazine!

I do my **HOMESCHOOLING** on **SchoolhouseTeachers.com**

SchoolhouseTeachers.com: 3 Months FREE + Subscription Discounts

OCEANetwork Supporting Members will get SchoolhouseTeachers FREE for three months with special continuation pricing for ongoing subscriptions.

Homeschool Savings!

Good for any product in the Patriot Academy store. Members can use their coupon at any time during the 2022 calendar year. *One use per family.

Support Our Exhibitors

We are very thankful for our amazing exhibitors! They make many sacrifices to be here so you can view their products firsthand. They often travel long distances. They spend hours on their feet talking to you. *And their fees help keep the conference affordable for you.*

Please thank the exhibitors with your patronage. When they take time to explain a product or give you some sage advice, and you decide to purchase the product, buy it from them. It is unfair to take advantage of a vendor's knowledge and service and then buy the product for a few cents less from a competitor or online. Thank you.

We have attempted to review each exhibitor before we invited the company. **However, the presence of a particular speaker or exhibitor at the convention does not constitute an endorsement of all their services, products, or doctrinal positions, or imply that OCEANetwork has made a comprehensive evaluation of their material.** If you feel some material or action of the exhibitor is inappropriate for a Christian homeschool conference, please let us know at the OCEANetwork booth (#130).

DISPLAY TABLE raffle!

We're excited to offer a fun and helpful opportunity! Some of our exhibitors cannot be here in person this year, but they've sent some of their best materials for you to see at the Display Tables in the Exhibit Hall. Check them out. (They are indicated in exhibitor list by ★.) Not only do you get a chance to look over their products firsthand, but you may also get a chance to take your favorite one home! We will be raffling off the products at the end of the conference.

Each adult attending the conference or exhibit hall received a raffle ticket. In addition, volunteers receive an extra raffle ticket for each shift served at the conference! Thank you, volunteers, for your help.

Choose your favorite product from the Display Tables. Then, bring your raffle ticket to the OCEANetwork booth (#130) before 3:00 p.m. on Saturday. Place your raffle ticket in the box that matches your favorite product. You could end up taking it home!

Winners will be drawn and announced after the last general session on Saturday (3:00 – 4:30 p.m.). Winners must be present in the general session to win. After the General Session, pick up your raffle prize at the OCEANetwork booth (#130).

Cameron and Roanna, members since 2017

THANK you to...

...Conference sponsors.

This year's sponsors, Corban University, Glen's Gizmos, Home School Legal Defense Association (HSLDA), Institute for Excellence in Writing, and Samaritan Ministries have made much-appreciated contributions to OCEANetwork to help bring you the 2023 Oregon Christian Home Education Conference.

- **Corban University** generously supports OCEANetwork as a conference sponsor and exhibitor. Please see their ad on page 14 and visit booth #218.
- **Joel and Roxanna Thomas of Glen's Gizmos** have for many years brought their wonderful science discovery stations, hands-

on science workshops, and now a fabulous water feature with scuba demonstrations and remote submersibles. Please visit the Santiam Building to enjoy their exhibits and sign up for their workshops.

- **Samaritan Ministries** members have been sharing one another's medical needs without using health insurance through a biblical model of community among believers for more than 20 years. For more information, visit their website samaritanministries.org. Please see their ad on the facing page.
- **IEW (Institute for Excellence in Writing)** made a donation which provided a special appreciation lunch and workshop for OCEANetwork affiliated homeschool Support Group Leaders.
- **HSLDA** contributed to the Parent of Preschooler scholarship fund. Please visit booth #122.

We appreciate our sponsors very much!

...Supporting Members and Donors

Were it not for God's grace manifested through the generosity of His children, OCEANetwork would not exist. The OCEANetwork Board sincerely thanks those of you who provide for the ministry of OCEANetwork by becoming Supporting Members and Donors.

...Support Group Leaders.

You know how tirelessly your support group leaders work to serve home educating families in your area. And they homeschool their children, too! OCEANetwork appreciates these dedicated parents who each truly has a servant's heart.

...Volunteers.

More than 100 volunteers are helping at this year's conference. We have registration help, room hosts, speaker hosts, recording

workers, move-in and move-out help, and Used Curriculum Exchange workers. Thank you all for making this conference possible and affordable.

...Jeremy Bowen

For more than a decade Jeremy, his family, staff and friends have supported and provided support to OCEANetwork and this conference: everything from mailing services, to the computers which are integral to the Used Curriculum Exchange. His unlimited energy and his "can do" attitude have been a blessing to all those who attend this event and benefit from OCEANetwork mailings, and the Waves magazine. The home office of his business conglomerate has been moved to Oklahoma City, yet he still supports Christian home education wherever it is practiced.

...The Lord.

Most importantly, we want to thank the Lord Jesus Christ. Without His strength, we would not be able to serve home educators in Oregon. He lifts us up when we are weary, gives us peace when we are stressed, and gives us joy in serving. "For from Him and through Him and to Him are all things. To Him be the glory forever. Amen" (Romans 11:36).

WE WANT YOUR feedback!

We hope the conference is a blessing to you! Please use this QR code to submit feedback online.

Your input is valuable to us! You can use the same form to submit feedback for each session you attended.
