. . . ***we're still here to help!***

OCEANetwork volunteers work to ***protect homeschool freedoms*** and ***equip homeschool families*** all year long because:

We believe parents have the right and the responsibility to teach and train their children as they see fit.

*OCEANetwork works year-round to protect the freedoms of **all** homeschoolers in Oregon.*

We believe that parents are the most qualified to educate their children well.

OCEANetwork provides events, services, and resources to equip families for their homeschool journey and help them succeed.

We believe that independent homeschooling is the best education model for families academically, socially, and spiritually.

OCEANetwork encourages family discipleship, helping parents raise up children for the Lord.

We believe that your children do not belong to the state. The Lord has entrusted them to you and will equip you for the task.

You, too, can help protect homeschool freedoms and equip homeschool families by becoming an OCEANetwork Supporting Member. (See page 26 for details.)

CONFERENCE

welcome

Welcome to the 28th annual Oregon Christian Home Education Conference! We pray that this conference will glorify the Lord Jesus Christ as we offer encouragement, information, support, and exhortation to equip you to teach your children at home for years to come.

In all we do, our goal is to *turn the hearts of the fathers to the children and the hearts of the children to the fathers; the hearts of husband and wife to each other; and the hearts of families to God to make ready a people prepared for the Lord* (Luke 1:17 paraphrased).

PLEASE READ: Be Like the Bereans

OCEANetwork attempts to bring speakers that will edify, equip, and entertain you. That doesn't mean that we agree with absolutely everything that each speaker says. We encourage you to be like the Bereans. "[T]hey received the word with great eagerness, examining the Scriptures daily, to see whether these things were so" (Acts 17:11). Examine what you hear. Compare it to Scripture. Not everything you hear this weekend will apply to your family at your current stage of life, but there will be something good in every session. Take what is applicable and use it.

Need Help Finding Something?

The entire OCEANetwork Board is at the conference to serve you. If we can help you in any way, please let us know. You can identify us by our OCEANetwork name tags. You can also find us at the OCEANetwork booth #130 or at the Registration tables in the lobby.

Over-Full Workshops

When all the chairs in a workshop are occupied, the workshop is considered full according to Fire Marshal rules. **No one is to be sitting or standing in the aisle or back of the room.** Some workshops fill quickly. If you are unable to obtain a seat in the workshop of your choice, you can pick up the recordings.

Name Tags

Your name tag provides admission to all events at the conference. Please wear it at all times. Bring it again on Saturday. If you forget, please stop by the registration booth on your way in on Saturday.

Conference Recordings

Conference sessions are recorded and are available online at AllianceRecordings.com. You don't have to miss out on any of the great sessions, even if two of the ones you want to attend are offered at the same time. Order the recordings now on your phone or your computer and they will be placed in your account as soon as they are edited. They will be stored in your account on AllianceRecordings.com for three years for you to download at your convenience. See page 13 for special conference pricing.

Children (0 – 12 years old)

Parents must keep their children with them at all times. This is a public venue. Anyone from off the street can access the lobby at will. For your children's safety, you need to know where they are at all times.

If your child or infant becomes noisy, including happy sounds, during workshop sessions, please step out of the workshop quickly for the sake of those around you and for quality recordings. Thank you.

Nursing Mothers

Nursing rooms are available in the Exhibit Hall (see map page 30) and in the back of the General Session room (Willamette Hall C). Mama + Baby Lactation and Wellness (mamababylactation.com) and Salem Midwife Collective (salemwidwives.com) are providing the amenities in the nursing rooms. Diaper changing stations are provided in the restrooms.

Lost and Found

All lost and found items will be kept at the Registration Booth in the lobby. After the conference, you may inquire about lost items at mail@oceanetwork.org. Items not claimed for 30 days will be donated to charity.

Photo Release

When you enter the Oregon Christian Home Education Conference, you will be entering an area where photography, video, and audio recording may occur. By entering the event premises, you consent to photography, audio recording, video recording and its/their release, publication, exhibition, or reproduction to be used for news, webcasts, promotional purposes, telecasts, advertising, inclusion on websites, or any other purpose by OCEANetwork and its representatives. You release OCEANetwork, its board members and volunteers, and each and all persons involved from any liability connected with the taking and/or using of photographs and recordings.

FAMILY FUN *activities*

Homeschooling is a family affair, and we want the conference to encourage and equip the whole family. We've put together sessions and activities for children, young adults, and the entire family to enjoy.

Activities for Children and Parents

We have provided some activities for children during the conference, but we need to start with a reminder: ***Children younger than 13 must be with a parent at all times.***

A family gospel message by Child Evangelism Fellowship is scheduled on Saturday during the lunch break for kids and their parents. Feel free to bring your lunch and enjoy the presentation!

Patrick Nurre from Northwest Treasures will be offering the following parent/child sessions (children 0–12 must be accompanied by at least one parent to these sessions):

- Volcanoes, Volcanic Rocks, and Earthquakes
- The Dinosaur Hunters
- Rock Identification Made Easy (hands-on session!)

Workshops for Young Adults

We have a selection of special sessions to inspire your homeschool teens this year! Adults of all ages are welcome to attend these workshops as well. (These workshops will be held in the Holiday Inn Banquet Room.)

Airplane rides!

Servant Wings will be offering 20–25 min. airplane rides for \$50 per person in their Cessna 206! They can take 4–5 passengers at a time. Sign-up for rides at the Servant Wings booth #121 in the exhibit hall.

Servant Wings partners with Mission Aviation Fellowship and other mission organizations to provide the mission aviation agencies with pilots and mechanics who are well-equipped for the task of serving Jesus Christ through aviation.

Play area in the courtyard

When your children need to let off some steam, the courtyard and adjacent field are available. Picnic tables are located in the courtyard where you can spend some relaxing time with other homeschool families at the conference!

The Linn County Expo Center is a family

friendly locale with outdoor spaces to play in. Families are encouraged to bring their favorite games and equipment for supervised outdoor play or even supplies for a fun family picnic! Please remember that parents are solely responsible for the safety and welfare of their own children throughout the entire conference, including all evening recreational activities.

Friday Evening Activities 5:45 – 6:30 p.m.

Even though the workshops are done, there's still a lot going on from 5:45–6:30 p.m. at the conference. You have some great options to finish off your Friday at the conference, but it still gets done early enough to rest up and look forward to Saturday at the conference.

- The Exhibit Hall is open until 6 p.m.
- The Used Curriculum Exchange goes until 6 p.m.

Friday Evening Outdoor Family Activities (weather permitting)

- English Country Dancing
- outdoor games
- board games

Weather permitting, an English country dance will be hosted outside in the courtyard. Equipment for games such as ladder toss, corn hole, and four square will be available for families to enjoy. You are welcome to bring more games and activities as well! Card and board games have been popular activities to bring in the past. Remember to label your items and take them with you when you're finished so they don't get lost! (Reminder: *children 12 and under must be supervised by a parent or guardian at all times.*)

CONFERENCE

Friday General Session 1

9:00 -10:15 am

Impossible Homeschooling

Daniel Craig MP3 #24-001 Willamette C

A sinister force is working in the homeschool community. It has hurt countless children, families, and churches. It's caught the attention of mainstream media, and Satan is having a heyday. This force is not an organization, ideology, or teaching that's "out there harming people." It's closer to home. It's me, my pride, and my fear of man. It's my desire for quick fixes and control. It's my unwillingness to repent, believe the Gospel, and rely on the rescuing grace of Jesus Christ for every need in my life, in my wife's life, and in my children's lives. The problem is worse than you think...and only Jesus can save us. Welcome to impossible homeschooling, where our only hope is the Gospel of Jesus Christ!

Workshop 1

11 am – Noon

With All Your Mind (Mark 12:30)

Rick Green MP3 #24-100 Willamette C

The Bible says to think on things which are noble, good, and true, to let the weak say they are strong, that as a man thinketh so is he, and so on... Neurological science is proving the Bible right again by revealing how God designed the brain to be renewed, literally re-wired, and re-trained. When we intentionally, purposefully, consistently wash our thoughts with His Word and program our computer with His promises, the brain is remade... old neurological connections are overridden with new ones, and we replace the old man with what Paul called the new man. Learn how to replace bad habits, restore

a joyful attitude, and instill in your children one of the most important life skills... renewing the mind!

Teens Don't Have to Rebel: Building Enduring Relationships with Your Children

Daniel Craig MP3 #24-101 Willamette 1

Many parents begin the Homeschool Journey desiring to nurture deep and enduring relationships with their children; over time, realizing winning and keeping their children's hearts requires more than schooling them at home...especially during the teenage years. How do you keep your child's heart without controlling it? How do you instill your deepest convictions while avoiding the traps of legalism and permissiveness? How do you foster healthy communication with your older children, maintaining the balance of love and respect? With stories that will make you laugh (and maybe cry), Daniel shares how God used two wonderful but imperfect parents to humbly, lovingly, and courageously train him in the way he should go and not depart from it.

Choosing Joy—Identifying Joy Killers and Finding Our Identity in Christ

Erika Poston MP3 #24-102 Willamette 2

So often, Satan tries to sabotage our effectiveness for the kingdom by placing boulders in our path stealing our God-given joy. Erika speaks truth and encouragement as she identifies how to choose joy along the journey while avoiding some of the major joy-killing sinkholes of our current culture. Homeschool moms will be empowered in their callings as wives, moms, and educators as they are pointed to their true identity in Christ.

Volcanoes, Volcanic Rocks, and Earthquakes (Parent/child session)

Patrick Nurre MP3 #24-103 Willamette 3

In this seminar, we will tackle these subjects and the fascinating world of volcanic rocks. I have samples to look at and will set off a fun volcanic eruption using some special chemicals!

School Choice and Homeschool Freedom: Why Government Funding is Not the Answer

Tauna Meyer

MP3 #24-116

Comfort Suites

In state after state, the School Choice movement is being pushed as the answer to educational freedom for families.

The reality is that School Choice initiatives not only don't deliver on their promises, but

they are a threat to homeschool freedoms. You have probably heard statements like these:

"We need school choice!"

"The money should follow the student!"

"They're my tax dollars!"

"If you don't want regulations, just don't take the money!"

Join us as OCEANetwork Board member Tauna Meyer addresses these statements and shares why School Choice initiatives and government funding of private education is NOT the answer. Learn about the blessings of true homeschool freedom for families and how, by the grace of God, we can protect those freedoms for generations to come.

Daniel Craig MP3 #24-201 Willamette 1

So you kind of like this girl. Or you think he's cute. WHAT NOW?!

Marriage is a wonderful blessing from God, but the path to the altar often seems covered with broken glass—at least that's what the bloody feet of many couples would indicate! Getting back to God's foundational principles and offering balance to recent homeschool applications, Daniel shares insights and admonitions based on his attempts in getting to the marriage altar (the third try was the charm!) and having grown up in the homeschool/courtship movement.

Preschool and kindergarten are fun and wonder-filled times! But how do you know what to teach them? How do you give them the best start and set up your homeschool for success? Workshop 3

Taylor Swift, Jesus, and Me

Daniel Craig MP3 #24-300 Willamette C

While it might be convenient to imagine Christian homeschoolers are impervious to the influences of pop culture, we cannot plead immunity to the lust and pride which saturates our culture. How should we respond? Should we resign ourselves to the status quo, or should we just pretend things are not as bad as they seem?

Upholding the biblical alternative to these extremes, this session will equip parents to help their children define a godly relationship to culture by asking five critical questions: “Who is God?” “Who am I?” “What has God done?” “What does He require?” and “Why?” Or to put it another way, “What’s the difference between Taylor Swift, Jesus, and Me?”

Leading Families in a Techno-World

Technology is inescapable, but it is not the enemy. Using these critical action steps, you can learn to manage technology so it does not manage you. It can be a great tool for ourselves and for our families.

Teaching Geology to Build and Defend Your Faith

Patrick Nurre MP3 #24-303 Willamette 3

The common approach to teaching geology is to hit it once, probably in 8th grade. But Geology is the beginning point of understanding biology, astronomy, paleontology, anthropology, archaeology, and so much more. If we hope to win the battle for our children’s minds in the area of worldview, it is vitally important that we teach geology with the importance that it deserves. This seminar will equip you on how to teach geology effectively.

Genesis and the Ice Age

Patrick Nurre MP3 #24-403 Willamette 3

Probably the least understood of subjects in Earth history is the Ice Age and how it fits into a biblical worldview. We'll examine the

founding documents to take a historical perspective on the current debate regarding whether or not our nation was founded on biblical principles and how that founding should affect current public policy, and whether our faith should be part of both our private and public lives.

Raising Leaders with Moral Clarity in a World of Moral Relativism

Rick Green MP3 #24-400 Willamette C

Homeschooling parents are well aware of

the shocking statistics of how many of our kids walk away from the faith and values upon which they were raised. The world around them has embraced moral relativism. If the biblical values that built Western civilization are to be restored, the next generation must be equipped to be counter-culture revolutionaries for truth, justice, and the old American way.

Raising Positive Kids in a Negative World

Rick Green MP3 #24-500 Willamette C

Children are bombarded daily with media of every possible variety. In today's ever-changing economic and social climate, parents must find balance to positively raise their children. Rick Green's mentor, Zig Ziglar, devoted much of his career to providing golden nuggets and guidelines still needed today to face parenting challenges. The Greens credit Zig's biblically-based, scientifically-sound strategies with helping them raise children who remained teachable through the "teenage" years, and they want to share Zig's wisdom with YOU! While there is no magic formula for raising kids, these strategies will positively improve the relationships in your home.

Do Something! How to Engage Life for the Glory of God (Teen session)

Daniel Craig MP3 #24-505 Holiday Inn

No matter where we turn, we face an epidemic of visionless, clueless, fantasy-driven young people. Stuck in an education system that fosters this disconnect from reality, few Millennials, even Christians, can successfully bridge the gap into real life. From a millennial's perspective, Daniel calls students and parents to adopt a new paradigm for his generation in light of God's Word. Don't attend this session unless you are ready to be challenged with a new vision for life and an awakened understanding of the responsibilities God calls every young person to fulfill.

The Joys of Multi-Level Teaching

Beth Mora MP3 #24-506 Comfort Suites

Teach babies, toddlers, pre-school, elementary school, tweens, and teens all at once? Yes, it's God's design. Multi-level teaching is where one lesson is taught to your entire family while still meeting each child's individual needs. Multi-level teaching is a practical and effective approach to instruction and requires less time than separate instruction. Younger students benefit from being exposed to more advanced skills, and older students benefit from demonstrating their skills to younger students. It's a win-win! Learn how to implement this teaching style into your family's educational plan and create lasting memories.

Why I'm Glad I Was Homeschooled (and Why Your Kids Will Be Too)

Daniel Craig MP3 #24-004 Willamette C

Parents considering homeschooling often worry about whether their children will be "normal." They wonder if their children will emerge from homeschooling prepared for success in life, or if they'll emerge socially inept and uneducated. Daniel Craig, a second-generation homeschooler, will share why he's glad he was homeschooled and why your children will be too. Based on personal experience and the unchanging truths of God's Word, Daniel will help you understand what homeschool "success" really is, where it comes from, and the real reason it matters.

Generations
HOMESCHOOL

*God-Centered Curriculum
for Passing on the Faith*

Our passion at Generations is described in one simple phrase, “**Passing on the faith to the next generation.**” It is our earnest desire to see parents faithfully pass the baton of the Christian faith on to their children. Our curriculum exists to equip parents for the vital mission of raising their children as disciples of the Lord Jesus Christ, who will seek God’s glory and the Kingdom of Jesus in all things.

With this aim in mind, our team has spent the past fifteen years developing a line of **distinctively Christian homeschool curriculum that helps parents integrate God’s Word into every subject.** These are some of our goals:

1. Teach a God-centered view of life
2. Integrate the Bible...everywhere!
3. Enable family discipleship as laid out in Deut. 6:7 and Eph. 6:4
4. Combine learning with worship and life application in every subject

Our K-12 curriculum covers the following subjects*

Literature
& Reading

History

Worldview
& Science

Bible

Christian
Character

*Note: not all subjects cover all grades.

Curriculum is available at the **Generations booth**

Support Our Exhibitors

We are very thankful for our amazing exhibitors! They make many sacrifices to be here so you can view their products firsthand. They often travel long distances. They spend hours on their feet talking to you. And their fees help keep the conference affordable for you.

Please thank the exhibitors with your patronage. When they take time to explain a product or give you some sage advice, and you decide to purchase the product, buy it from them. It is unfair to take advantage of a vendor’s knowledge and service and then buy the product for a few cents less from a competitor or online. Thank you.

We have attempted to review each exhibitor before we invited the company. However, the presence of a particular speaker or exhibitor at the convention does not constitute an endorsement of all their services, products, or doctrinal positions, or imply that OCEANetwork has made a comprehensive evaluation of their material. Not all exhibitors profess a faith in Christ. If you feel some material or action of the exhibitor is inappropriate for a Christian homeschool conference, please let us know at the OCEANetwork booth (#130).

Display Table Raffle!

We’re excited to offer a fun and helpful opportunity! Some of our exhibitors cannot be here in person this year, but they’ve sent some of their best materials for you to see at the Display Tables in the Exhibit Hall (indicated by ★ in the exhibitor list). Check them out. Not only do you get a chance to look over their products firsthand, but you also get a chance to take your favorite one home! We will be raffling off the products at the end of the conference.

Each adult attending the conference or exhibit hall receives a raffle ticket. Volunteers also receive an extra raffle ticket for each shift served at the conference! Thank you, volunteers, for your help.

Choose your favorite product from the Display Tables. Then, bring your raffle ticket to the OCEANetwork booth (#130) before 3:00 p.m. on Saturday. Place your raffle ticket in the box that matches your favorite product. You could end up taking it home!

Winners will be drawn and announced after the last general session on Saturday (3:00 – 4:30 p.m.). Winners must be present in the general session to win. After the General Session, pick up your raffle prize at the OCEANetwork booth (#130).

THANK YOU *to . . .*

...Conference sponsors.

This year's sponsors, Generations Homeschool, Corban University, and Home School Legal Defense Association (HSLDA), have made much-appreciated contributions to OCEANetwork to help bring you the 2024 Oregon Christian Home Education Conference.

Generations Homeschool brought Daniel Craig to the conference as a keynote speaker, made a generous financial contribution, and provided a special offer to each family attending the conference. For more information about their educational products, please see their ad on page 26 and visit booth #103.

Corban University generously supports OCEANetwork as a conference sponsor and exhibitor. Please see their ad on page 13 and visit booth #219.

Home School Legal Defense Association contributed to the Parent of Preschooler scholarship fund. Please visit booth #122.

We appreciate our sponsors very much!

Additional thanks to...

...**Mama + Baby Lactation and Wellness** (mamababylactation.com) and **Salem Midwife Collective** (salemmidwives.com) for providing the amenities in the nursing rooms.

...**Eric Marts of EDGE Academy** (Booth #107) for leading worship music at our general sessions.

Supporting Members and Donors.

Were it not for God's grace manifested through the generosity of His children, OCEANetwork would not exist. The OCEANetwork Board sincerely thanks those of you who provide for the ministry of OCEANetwork by becoming Supporting Members and Donors.

...Support Group Leaders.

You know how tirelessly your support group leaders work to serve home educating

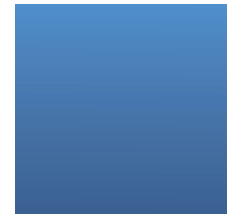

families in your area. And they homeschool their children, too! OCEANetwork appreciates these dedicated parents who each truly have a servant's heart.

...Volunteers.

More than 100 volunteers are helping at this year's conference. We have registration help, room hosts, speaker hosts, recording workers, move-in and move-out help, and Used Curriculum Exchange workers. Thank you all for making this conference possible and affordable.

...The Lord.

Most importantly, we want to thank the Lord Jesus Christ. Without His strength, we would not be able to serve home educators in Oregon. He lifts us up when we are weary, gives us peace when we are stressed, and gives us joy in serving. "For from Him and through Him and to Him are all things. To Him be the glory forever. Amen" (Romans 11:36).
